### Comment text:

I firmly believe the LGBCE proposals to merge Apley Castle with Leegomery is a backward step which will not benefit residents of Apley Castle or Leegomery. Apley Castle should remain an independent ward, as should Leegomery. It's my belief single member wards will continue to provide the strongest accountability to residents, whilst allowing both Apley Castle and Leegomery to retain the individual identities and communities they currently enjoy. I firmly disagree with the LGBCE proposals and wish to make clear my opposition to the plans. Apley Castle should remain as a single member ward and retain its individual identities.
