The population in all wards is projected to increase but it is proposed to decrease the number of councilors, this does not make sense to decrease representation. Also, without detailed breakdowns of population figures for each ward it is impossible to suggest any adjustments other than a general suggestion to somehow combine Town and College wards. Although Stoneleigh appears to be over-represented, the geographical boundaries are very distinct making it hard to combine with any other wards. I am therefore objecting to the proposals on the basis that we are not being properly informed.
