

Dear Review

As a local resident in Brunswick Ward for over 50 years, and as Chair of Lansdowne Area Residents' Association, and considering the changing situation due partly to Covid, I write to urge that the name Brunswick should remain and so recognising the historically rich nature of our area.

With recent developments for West Hove and new funding, the seafront from the Peace Statue to the King Alfred site, needs to have strong representation for care and attention,so that a possible change could be Brunswick and Central Hove being one ward.

Your faithfully
