Postcode: SW1A 0AA
Organisation Name: Houses of Parliament

Comment text:

I accept the Commission's proposals for 98 councillors. My comments on proposed wards in Wycombe constituency are as follows: Abbey I believe the Abbey ward is too large and electors from the area near to the West Wycombe Road should be moved to the Castlefield and Oakridge ward. There is a shared community of interest and this would be appropriate. If needed, I could suggest the names of roads which could be moved from Abbey to Castlefield and Oakridge. I am also happy to support the proposals from the current Abbey ward councillors submitted separately to the Local Government Boundary Commission. Booker and Cressex Accept proposal Castlefield and Oakridge The proposed boundary for this ward means the electorate is significantly under the quota, but with other nearby seats being significantly over. Please see my comments above about moving electors from the proposed Abbey ward to the Castlefield and Oakridge ward. Chiltern Villages I accept the inclusion of Piddington, Wheeler End and West Wycombe into this ward. However, I am not in favour of Marlow Bottom being moved from this ward. Marlow Bottom has its own parish council and is distinct from the town of Marlow. It should be retained in Chiltern Villages ward along with other small, rural communities. Disraeli I am content for Disraeli ward to be separated from Downley and two separate wards created. Downley I am content for Downley ward to be separated from Disraeli and two separate wards created. Hazlemere Accept proposal Marsh and Micklefield Accept proposal, although I refer to remarks made in my comment about Abbey ward. Penn, Tylers Green and Loudwater Accept proposal Sands Accept proposal Terriers and Amersham Hill I am happy to endorse the proposal made by Cllr Green to have a three member ward in Terriers and Amersham Hill, and a one member ward in Bowerdean. Totteridge and Bowerdean I am happy to endorse the proposal made by Cllr Green to have a one member ward in Bowerdean and a three member ward in Terriers and Amersham Hill.
