The Bargate and Bevois ward boundaries are completely outdated and do not represent the current resident demographic. The area of St Marys (north of Chapel Road, south of Northam Road) and the area of Northam (east of the railway line) should be combined into a new ward, as these areas have been heavily neglected by Southampton City Council. There is a huge lack of improvement to both of these areas compared to other parts of the inner city; they feel dangerous to be in (you would know if you've ever been on St. Mary Street at night), there is litter absolutely everywhere, and a lack of basic services. Whereas, not a five-minute walk away from St Marys are the town's parks which are absolutely delightful, nice neighborhoods, and are generally safe areas. It's an embarrassment how a football team with an estimated net worth of 6 billion dollars, is based in this poverty-stricken area. This needs to be changed, and the people need to be represented fairly. Thank you.
