1) I believe the "natural "boundary for one side of Harefield Ward should be the A334. Thus the "enclave" of one side of the A334, Bath Road & Bursledon Road should be taken out of Harefield Ward. 2) If those numbers need to be replaced it makes logistical sense to add another chunk of Townhill Park. This would put Ozier Road, Kingsdown way, Copse Road, Pond View & Coachman's Copse into Harefield. 3) The local authority needs to take a closer look a the siting of polling stations. The siting of several in Harefield ward, added to the difficult topography of the Ward, acts a serious deterrent to encouraging electors to vote.
