### Comment text:

Comments refer to uploaded file showing proposed changes to the current Redbridge, Coxford, Millbrook, Shirley, Bargate, Freemantle and Bevois wards, plus the creation of Banister's Park Ward, shown on map extracts numbered 1 to 6. I am content with the other current wards as far as geographical areas are concerned. Map 1 - The proposed Millbrook and Redbridge Ward. Transfers in electors to the east who are part of the Millbrook suburban area. Transfers out electors to the north east who are more allied to Coxford. Map 2 - The proposed Freemantle and Regents Park Ward. Merges Regents Park with Freemantle as the two areas are closely allied. Map 3 - The proposed Coxford and Lord's Hill Ward. Map 4 - The proposed Shirley Ward. Includes an area to the south which identifies as being part of Shirley. Map 5 - The proposed Ocean Terminal Ward. The name reflects Southampton's maritime heritage and continued use as a departure port for cruise ships. An area to the north is transferred out to become part of a newly proposed ward. Map 6 - The proposed Banister's Park Ward is made up of parts of the current Bargate, Freemantle and Bevois Wards.
