Comment text:

The Merrow Residents' Association (MRA) is grateful to have the opportunity to respond to this consultation and to be able to welcome and support the Boundary Commission's draft recommendations for the new boundary of the Merrow Ward which would include Boxgrove Gardens and Boxgrove Park. This follows our suggestions put to the Commission in our response of the 16th April 2021 which predated the recommendations from Guildford Borough Council. We are delighted that the recommendations from both organisations are identical so far as Merrow is concerned.
