Organisation Name: Avenue St Andrew's United Reformed Church

Comment text:

Avenue St Andrew's URC Church has good relationships with the Outer Avenue Residents Association (OARA) which draws its membership from both Portswood and Bevois wards and would under the new arrangement be split across two wards. OARA has done a lot of good in the area from greening it to getting murals painted as street art to arranging for students' unwanted possessions to be cleared away rather than dumped at the end of the year. They work very hard to make the whole Outer Avenue area into a community. Cutting their work into two wards would unnecessarily duplicate their efforts and decrease the local feeling of community.
