### Comment text:

Thank you for the opportunity to comment. I object to the following roads being removed from the Woolston Ward - Ashton Walk (on the former Woolston School site), Fern Road, Fort Road (including school, church and hall), Portchester Road, Portsmouth Road and Station Road (including Woolston Railway Station). These do not seem logical choices for the area and very much feel part of Woolston to many local people. Earlier this year, a cross-party recommendation from Southampton City Council was given to the Boundary Commission whereby the following streets would transfer to Sholing Ward to make enough space in Woolston Ward for the influx from Centenary Quay - Dyserth Close, Newtown Road, Penistone Close, Tenterton Avenue, Wentworth Gardens. Many thanks, Dr Paul Spencer, Vice Chair of Woolston Community Association
