Comment text:

Since 2002, the Flower Roads have been split between Bassett and Swaythling, which does a disservice to a unique community, which has a number of challenges in the socio-economic field, but is nonetheless a vibrant community. The Council submission was to unify the Flower Roads in Swaythling, whilst moving the area north of Bassett Green Road into Bassett. This area was in Bassett before 2002, so there have been links between this area and the remainder of Bassett ward. In summary, this boundary review is a golden opportunity to unite the Flower Roads in one ward, which I feel should not be wasted.
