Comment text:

Having lived in Ashton for over 30 years I feel there is little for me in Deanshanger, in fact I've only visited it a few times. My gp surgery is in Roade, my nearest shopping is there and the library too. We shop and attend leisure activities in Towcester . I feel that our interests are more aligned with Roade and Stoke Bruerne than Deanshanger and think the boundary for Towcester and Roade could successfully accommodate residents of Ashton. Geographically it would make sense too!
