

## Buckinghamshire Council

### Personal Details:

**Name:** tracy horsfield

**Organisation Name:** Calvert Green Parish Council

### Comment text:

I am writing on behalf of the Calvert Green Parish Council to express our concern over the proposed plan to restructure wards and associated boundaries in our area. The proposal would result in Calvert and Calvert Green sitting on the boundary between Steeple Claydon Ward and Grendon Underwood Ward while sitting inside Grendon Underwood ward. Our general area comprises of scattered villages in small rural parishes and we all work closely together, especially with the impact of large projects, such as HS2 and EWR in the area. Having two wards with such an awkward boundary is not helpful to Calvert Green parish It would be much better to merge Grendon Underwood Ward and Steeple Claydon wards and have two members responsible, rather than break the currently larger ward into two with one member responsible for each. I'd ask that you consider this response as part of your consultation.
