

Telford and Wrekin Borough Council

Personal Details:

Name: Carol Binnington
E-mail: clerk@wrockwardinewoodandtrench-pc.co.uk
Postcode: [REDACTED]
Organisation Name: Wrockwardine Wood and Trench Parish Council

Comment text:

Wrockwardine Wood and Trench Parish Council would like to comment on your proposals for the Borough Council ward review for Telford & Wrekin. The Council discussed the matter at its meeting of the Full Council on Tuesday 12th April 2022. The Parish Council is broadly supportive of the submission made to you by Telford & Wrekin Council in 2021. We support the proposals you have made in relation to the eastern area of our parish linked to St Georges and Donnington. We are concerned however about your proposals relating to the area between Oakengates and Wrockwardine Wood, around the Hollyhurst Road area, south of the B4373. We believe that the community in this area are solidly connected to Oakengates in terms of shopping, use of community facilities and public transport hubs. We are concerned that your proposals will be confusing for residents. The proposal put forward to you by Telford & Wrekin Council provides a far more logical borough boundary in this area and would ensure there would be less community confusion in any forthcoming parish council governance and boundary review which may follow on from the current borough review. The current ward arrangements at borough and parish level are understood by residents and the proposal submitted to you by Telford & Wrekin Council preserves this settled position. The Parish Council therefore urges you to adopt the proposal for the borough boundaries put forward by Telford & Wrekin Council in its submission earlier in this review process.
