Comment text:

Ripley Parish Council does not agree with the proposal to merge Lovelace Ward with Send Ward. The creation of the new Send & Lovelace Ward could result in the parishes of Ripley, Ockham, and Wisley suffering from a lack of local representation. This in turn could disenfranchise the local electorate. Both Send, Ripley, and Ockham are due to see large increases in their populations in the coming years due to development policies in the Guildford Local Plan, possibly leaving the new Ward under-represented.
