### Comment text:

I would like to commend the proposed Tonbridge and Malling Conservative Group Warding Arrangements - 20210718. This submission represents a clearly thought out proposal, which respects the community interests and geographical catchment grouping across the borough; plus fully acknowledging the territory and responsibility of parished areas, It also adheres to the new household numbers which will be required to justify the new councillor ward responsibilities.after 2023. I am writing on behalf of my Association which has circa 800 members. Dennis King  
Chairman of the Tonbridge, Edenbridge & Malling Conservative Association
