Postcode:

**Organisation Name:** Lancaster and Fleetwood Constituency Labour Party

### Comment text:

Lancaster City Council Wards south of the River Lune A response to the LGBCE Further Draft Recommendations As the Secretary and Vice-Chair of the Lancaster & Fleetwood Constituency Labour Party ('L&F CLP'), we write with our response to the Local Government Boundary Commission for England's further draft recommendations on new electoral arrangements for Lancaster City Council, published on 1 February 2022. Having read your revised proposals, as well as the comments from local councillors and community groups on your earlier document, we are happy to support your further draft recommendations, including your proposal to increase the council size to 61. In particular, we are pleased that the LGBCE has accepted the majority of L&F CLP's suggestions for warding arrangements in South Lancaster, and support your revised recommendations for the Bowerham, John O'Gaunt, Scotforth East, Scotforth West and University wards. Yours sincerely, [REDACTED] Secretary of the Lancaster & Fleetwood Constituency Labour Party [REDACTED] Vice-Chair of the Lancaster & Fleetwood Constituency Labour Party [REDACTED]
