### Comment text:

On behalf of Hadlow Parish Council, the main issue of concern is that both the village of Hadlow and the hamlet of Golden Green are kept within the same Ward. They are both part of the administrative area of Hadlow Parish Council and they are both within the Church of England Parish of St Mary's, Hadlow. Whilst each has its own residents association, they also share many facilities, including the primary and secondary schools situated within Hadlow, and the only shops are in Hadlow. It would therefore be extremely damaging if these two communities were split administratively between different Wards and this is the view of all of the Hadlow Parish Councillors, whether they live within Hadlow or Golden Green.
