Subject: Boundary Changes

[REDACTED] [REDACTED]

Re MBC Meeting on 13th April to confirm boundary changes.

Please note the following objections

1. Platts Heath is connected to Lenham just, but the road towards Headcorn contains many one tack sections or restrictions. Even the road to Lenham now has a one way section over the railway line introduced by new housing developments (Lenham Springs) in late 2021.
2. Lenham Heath is only a few houses with even worse access to Headcorn except via Lenham or Charing. Even with the Heathlands development at 100 homes per year from 2029 (If it goes ahead) it will take a considerable time to build a significant population.

It make no sense to split the the developments along the A20 into different wards

It makes no sense to link Platts Heath or Sandway to Headcorn.

When is the one way section through Sandway going to be improved?

When is the one way section at Livingston Hill going to be improved?

Regards
