Comment text:

We are long term residents of Boughton Monchelsea (over 22 years) and have many associations within the Parish. In the past my husband has been chairman of the Parish Council and of the Scout Group with whom we both have a long and happy association. My husband was also named "Parishioner of the Year" a few years ago. We are very interested in our surroundings and help to look after and promote the good community within our Parish. We live within the boundary, it running along the Eastern end of our garden. Yet we are in Parkwood Ward. We would like to use our votes on our own Parish matters rather than Parkwood to which we have little connection or knowledge. Please note that when we moved here in 1999 we were asked which Ward we would like to be in. Although we asked for Boughton Monchelsea & Chart Sutton we were put into Parkwood. Are we to be ignored again?
