Comment text:

I understand the proposal is to remove Platts Heath, Sandway and Lenham Heath from the Lenham ward to the Headcorn ward. I have lived in Platts Heath since 1982 and I'm very angry about this. Lenham is our nearest main village, within 40 mins walk if no car. My garage, doctor, dentist, pharmacy, post office and local rail station are all in Lenham. This is a close-knit local community that identifies with Lenham. Platts Heath is on the Greensand ridge overlooking Harrietsham. We have superb councillors, Janetta and Tom Sams, who are well known and admired locally for their commitment to local residents and residents' issues. I cannot help but think this suggestion may be to split opposition to Maidstone Borough Council's proposal to build a large settlement at Lenham Heath. We already suffer from traffic issues on narrow rural lanes and this would be catastrophic for the local rural community.
