Organisation Name:

### Comment text:

We have lived on Oakwood for nearly 43 years having bought a stick in the ground. We consider ourselves to be the original residents of Oakwood. Over this time Oakwood has developed as a cohesive and thriving community with its own recognisable identity. It is a clearly defined geographical area bounded by Morley Road, Lime Lane and the A608 Heanor Road. The new Durose estate on the other side of the A608 falls within Derwent Ward, and perhaps cynically it's about either Labour thinking it will affect the balance of their votes in Derwent Ward, or the value of the properties being in Derwent Ward. We are opposed to the boundary change proposed by the Labour Councillors, as our property would be affected and we would no longer be Oakwood, but Hilltop. They, who proposed the change ( for whatever reason) obviously do not live here, or would realise how inane it would be to have a sign part way through the Oakwood estate which would say Welcome to Oakwood on one side , and welcome to Hilltop on the other. WE ARE RESIDENTS OF OAKWOOD AND WISH TO REMAIN SO!
