Comment text:

I do not support the proposal by the Derby Labour group to redraw boundaries and have new areas, such as Sunnyhill. This seems to be based purely on their desire to increase their representation in the council. We are currently in Blagreaves and feel very happy with that. Under their proposal we would be in Sunnyhill, as would a large area currently in Blagreaves. That move would seriously adversely affect house prices for many, many properties. This area identifies far more with Littleover (of which Blagreaves is an extension) than it does Sunnyhill. If you had to redraw the boundary, the most natural boundary would be Stenson Road. Areas to the East of Stenson Road would be Sunnyhill and areas to the West of it would be Blagreaves.
