The Oakwood ward should stay as it is. There is a vibrant community in the whole area and lime Lane/ Mansfield road are natural boundaries. I live in Oakwood, have an Oakwood address and don't want to be moved out if this ward into another one. We are served well by our councillors and the community is a strong one. There is no reason to change the boundaries, Oakwood has an identity of its own that should be respected and not altered for political gain. Please leave the Oakwood boundaries and community as it is.
