Comment text:

Colnbrook and poyle come under a parish and have precept charges regarding council Tax Colnbrook/Poyle is the other side of the M4 although this can be seen as just a ward boundary rather than calling part of Langley now Colnbrook, it won't be fair on Langley residents being subjected to the Parish precept when they are not in Colnbrook itself Colnbrook is already a big enough area so it really doesn't need expanding from its original boundary. Other than this it seems like a reasonable change
