### Comment text:

I wish to target on my area and speak as resident. I wish to suggest that Kendal drive, Kendal Close and Grasmere Avenue should placed in the Upton Lea ward as we all as residents identify ourselves as Upton Lea residents. Your own map shows that we are Upton Lea but yet again we are moved from central, to Elliman and now we are being denied the ward which we have always been identified as being taken away. We are Upton Lea residents and have very different issues to Wexham Court. I do not live in Wexham Court but live in Upton Lea. I also think it is unfair that over 80% of my ward is served by the Parish Council that allows benefits for those residents yet I am unable to enjoy the pleasure. It would be a great injustice if we were not placed in the ward which we all identify as.
