Comment text:

I am writing this as a 62 year old resident, I and my brothers and sisters were born on Grasmere Avenue and for the past 26 years have live on Kendal Close. I have always viewed myself as a born and bred in Upton Lea. Now finally we have a ward which represents me, the Council wish to put me in a ward, I have never been associated with. In fact, my grandson says your Upton and I am Wexham. There is clear division and tensions between the estate of Wexham and Upton Lea. We should be allowed to remain in Upton Lea. My Mother who is 91 and live on Shaggy Calf Lane with my 96 year old father, have spent their entire live in these roads of Grasmere and Shaggy Calf, said there has and always will be a real division in the communities. You can tell Wexham is over the Wexham road, Kendal Close, Kendal Drive and Grasmere Avenue always was known as Upton Lea, Borderside and Shaggy Calf never fitted in until Elliman was created which links them finally to a ward. Then grouping has all to Wexham Court is destroying the history with all our family. I hope you hear mine and my family's plea to have Shaggy Calf and Borderside into Elliman, Kendal Close, Kendal Drive and Grasmere Avenue into Upton Lea and Wexham Court be the parish boundary only.
