Comment text:

As a member of the public, I hope that my opinion is respected as is suggested by the council website. It does not make sense to amend the boundary of an area from Urmston to Stretford when these areas largely share different interests and identifies. It appears the wards have been amended to run along the motorway, which appears lazy in its planning. Someone's representation should not lie on the ease of aligning a boundary with a road, but who that person wishes to be represented by. I and members of my road, spend most of their time in Urmston. I therefore feel my representation should come from someone who represents this area and not within Stretford.
