Subject: Proposal to change partington ward

Categories: Submissions, [REDACTED]

I am writing this email to disagree with your proposal to lose sale West and include Dunham and Warburton parishes.

My reasoning is that partington is a world away from these rural places and needs much more facilitation as that of other trafford wards.

I feel this proposition if to go ahead would cause partington to be over looked more than it already has been. We are an isolated community with residents living on the breadline.

To put us in the same bracket as Warburton and Dunham would be absurd in my opinion.

I hope you take my concern into account.

Yours faithfully
