Subject: Proposed changes to Hale Central Ward- Trafford MBC
Categories: Submissions, [REDACTED]

Dear Sirs,

As a long time resident of the Hale Central Ward, I would like to register my opposition to your proposed changes to the boundaries of Hale Central Ward. As matters stand, part of Hale is already in Hale Barns Ward. Your proposals to bring the area east of Wellman Way into Hale Central means that Hale Central further loses its identity. Residents of the area east of Wellman Way clearly identify themselves as residents of Altrincham Ward.

Your proposals would mean that Hale Central would comprise part of Hale, part of Hale Barns and part of Altrincham. It is completely opposed to the over arching principle of the Boundary Commission that representatives should be representing their local area.

If Hale Central Ward needs more voters, this should be achieved by transferring some of the part of Hale in Hale Barns Ward into Hale Central.

Kind Regards
