Subject: Boundary Commission proposals - Trafford

Dear Sir/Madam

I am a resident of Marford Crescent located in Brooklands ward, Trafford.
I am pleased to see that there are no changes planned to the current Brooklands ward boundaries.
I think that the current Brooklands boundaries are clear and credible as is, with the A56 and Marsland Road in particular being
obvious and understandable markers that match the community's definition of what would be considered Brooklands.

Regards
