Organisation Name: Resident

Comment text:

Warburton is an old and unique settlement that varies very much from most surrounding areas and also has a unique set of current problems that essentially require it to have its own specific representation on Trafford Borough Council. It is a very rural area threatened by HS2, toll bridge problems and the Council itself which appears to ignore its needs completely and it's residents are frequently told that they do not reside in Trafford because of the Warrington post and telephone codes. This attitude MUST CHANGE and the proposed recommendations would be a good way of addressing this lack of representation if proper thought and proposals to do so were addressed and some proper representation given to this long ignored people of Warburton who often pay very high Council Tax for no amenities and a very poor bin service and road maintenance and appear to be the forgotten people of Trafford. Please assist us to address our many problems and ensure the survival of this forgotten Community.
