### Comment text:

Doesn't matter if people object because the council and councillors will do EXACTLY what THEY want. If anything they need to REDUCE the number of councillors and their allowances along with their expenses as they are NOT value for money. As for the pathetic councillors for the Arboretum ward they need to remember their ward does NOT stop at the top of Normanton Road. Where I live NOTHING sees any money of that is for the benefit of the ward, ergo they should be sacked as they are useless.
