To whom it may concern,

I have been made aware that there is a proposal to change the boundaries of the ward I live in. From studying the proposal, it is not something that I see any benefit coming from. The most important thing for me, is that I feel adequately represented by my councillors. That is definitely the case, with the current councillors all having a strong understanding of the ward, including the area I live in. As a local resident, we consider the area to be part of Alvaston. I therefore believe that this change isn't necessary and won't bring me any benefits.

Regards,
