To whom this may concern,

I feel that the boundary changes should be as the Conservatives, Liberal Democrats and Reform parties originally agreed. 3 councillors per ward. I live in Alvaston and I do not agree with the Labour Party. I do not want my vote to change and not to count. I thought we lived in a democracy, Labour are not seeing it that way, and make a mockery of our voting system. I did not vote Labour and will not, as they seem to be trying to increase their council seats surreptitiously. This is my thought on this matter and I hope I am heard.

Regards
