Organisation Name:

### Comment text:

The boundary lines are biased. All of Blagreaves is Littleover and has always been. Normanton should not now include even more of SunnyHill, Sinfin or Osmaston/Allenton. The number of councillors is ineffective, it is biased and not diverse enough. The Council represents the City and as an unified representation the Councillors and board should include all and more people in a diverse, United manner. The Councillors should include more people of ethnic cultural backgrounds, It needs to include people of mixed ethnicities; ie Black & White Jamaican and British born heritage. African and Irish mixed heritage, people of multiple heritage with strong Proud and supportive of British and world wide culture and unity.
