Comment text:

I am in support of the proposed Alvaston Village ward as this will properly represent the different communities of the Village and the current Alvaston Ward. I am also supportive of the planned merger with the Osmaston part of Sinfin Ward as many residents don't realise that there is a difference anyway. I would encourage the commission to look at including the south side of Osmaston Park Road, Victory Road and streets off into the new Osmaston, Crewton and Wilmorton Ward as the residents live in Odmaston anyway. Plus their commute to go and vote at elections in Sinfin would be prohibitive to good voter turnout whereas currently these residents have a short walk into Osmaston itself. On the basis of the planned Alvaston Village Ward, I would be supportive of a Heatherton Village Ward. This is again a distinct community with its own shops, schools and facilities and even its own bus service.
