Comment text:

Wick has been part of Fladbury for several years and it works well as rural area with similar issues. Pershore is a town and Wick is a rural village with different issues. The Population of Wick is about 365 compared with Pershore of about 7255. If Wick was to join Pershore ward then we would be poorly represented. We have lived in the village of Wick for over fifty years and feel very strongly about our views. We must be protected as a village.
