Your new proposal still has not kept Great and Little Comberton with Elmley Castle, Bricklehampton and Netherton. So therefore it is very, very unsatisfactory. These villages are our spiritual neighbours around Bredon Hill. The hill villages have a great deal in common and are special. To put us with Fladbury and Cropthorne is totally meaningless and we have nothing in common with them. Therefore this proposal is totally unfeeling and just wrong. Wychavon listen to your people. Listen!
