Comment text:

I strongly object to the proposed boundary change for several reasons, but will concentrate on the most important in my view. Wick is a thriving rural community. It has been served well for several years as part of Fladbury ward which is made up of rural villages with similar needs and issues. Pershore is a growing urban town which presents very different problems and issues, and I want to be represented by someone who is totally familiar with rural life, not to be swallowed up by an urban town and be represented by someone who will put the issues of the majority first.
