Comment text:

There is good sense in aligning/combining Mereworth with Wateringbury Ward. Wateringbury has an East, West, A26 through road which connects more obviously with Mereworth than any North, South routing within the TMBC area. Wateringbury and Mereworth have agricultural routes on this same line so are united in culture and environment. Importantly, Mereworth and Wateringbury have recently become a benefice with West Peckham, hence this provides a further level of integration. Agreed for Wateringbury and Mereworth to be one ward.
