In my view those of us under post code WV8 [REDACTED] - and other post codes in the Kingswood direction - do not see a natural affinity with Perton. Oaken/Codsall is more appropriate. And is much closer. Even 'as the crow flies' Perton centre is further away and by road very considerably further. Alternatively I would have thought it more logical to split the Pattingham etc parish and absorb the Perton Wrottesley with our postcode being within a Pattingham/Wrottesley parish.
