Comment text:

I live in whitworth. I am a member of the [REDACTED]. We organise events throughout the year for the residents of Whitworth, Facit and Shawforth . One of the more recent and most popular events is the Santa Express. We own an ex-military vehicle which we dress up with Xmas lights. We have Xmas music and Santa sits in the back. We travel throughout our area and all the residents with their over excited children come to see Santa. This is the highlight of their year. So sad it we can't visit them if Shawforth will no longer be part of Whitworth. We Shall have many upset children, and adults. We also provide a wreath making workshop each year for all the residents to attend. Each December Xmas the residents order and pay for xmas trees to be put on the front of their houses with lights on . The Committee organise all this making the whole length of marker street up to the far end of Shawforth being lit up. . The residents of Shawforth are always included in the whitworth events as they are an essential part of our community. Whitworth museum, library, swimming baths are just a few of the amenities that are easily accessible to the Shawforth residents.as they are on the direct bus link through the valley. Please don't take Shawforth away from whitworth
