

Stockton-on-Tees Borough Council**Comment text:**

Talk about keeping the establishment in power! Ingleby Barwick does not need 3 Wards and let's face it, since 2005 to date, it has never needed 6 Ward Councillors. The 3 who currently occupy the West Ward are more interested in keeping the former Mayor involved in the Mayoral-ship rather than representing their residents who cannot get hold of them. Ingleby Barwick needs two wards, not 3! There would be a strong argument for putting the new housing development around Ingleby Manor Free School in IB in the Southern Parishes Ward as the land is in Maltby Parish, not Ingleby Town Council. If anywhere deserved looking at again it's Thornaby, not Ingleby Barwick. This proposal is undemocratic, a bit like the person at Stockton-on-Tees Borough Council who would have put it to you. It's nothing more than keeping the gravy train going rather than what's right for the community which is the first option of Ingleby Barwick North and Ingleby Barwick South. Two members in each.
