

**Stockton-on-Tees Borough Council****Personal Details:**

I wish to support Plan B I consider myself to live in Fairfield, not Grangefield, and do not feel as though I am represented fairly as councillors do live on Grangefield estate and prior to the election of Stephen, they did not respond to any issues we raised. My address is Fairfield, I, my husband and children all went to Fairfield school. We are in close walking distance to Fairfield library and use shops located in Fairfield. The Plan B better balances the number of people and geographically, with the cycle path naturally dividing the two areas, it makes more sense for us to be part of Fairfield. Property prices could be affected as well a bus services, which we do occasionally use.
