We wish to state our objection to the proposed boundary changes. We have no desire to live in Grangefield ward, we live in FAIRFIELD and have done for the last 35 years. We support the local shops and use the local bus service often and cannot see any benefits in changing the boundaries. Surely we would be better served by 2 councillors rather than 1 especially if it means the ward is bigger.

It would be good to know if the voice of the 'little man' will be heard in this case, so please re-consider your review.
