Dear Boundary Commission,

As a proud resident of Thornaby I wish to record my objection to your proposal to amend the current boundary of the town by transferring part of Thornaby into the neighbouring New Town of Ingelby Barwick. Whilst I understand that some people are attracted to living in a modern housing estate this in no way should devalue the town of Thornaby which has a very long and proud history which has links to key historical events and people of not just England but the whole of the UK. I urge you to reconsider this ill conceived proposal.
