I have considered myself as living in Fairfield for 60 years and currently live in 
. An obvious boundary is the field of St Bedes and Grange field Schools putting our area in Fairfield. I learnt about this through a neighbour who thinks his house price is about to reduce and house insurance costs to increase. Looking at the ward boundaries he is already living in the Grange field ward. What I am not sure about is the difference between postal address and ward areas. He obviously thinks it is proposed to give his house a Grange field address. Be aware people may not be happy due to this confusion.
