

Stockton-on-Tees Borough Council

I disagree with and oppose the changes. I see no purpose to them. The boundaries work as they are. We will be divided in Fairfield for no valid reason. Our address and postcode have always simply been part of Fairfield. Fairfield existed quite some time before Elm Tree and should remain as Fairfield. As this proposal shows, the boundary falls along the middle of a main road in the ward and half of that road will end up in one ward and half in the other which seems ridiculous.
