Having read your draft 2 proposals for the Southern Parishes ward in Stockton on Tees. I am I am not happy with the changes you are proposing in your 2nd draft and would like to object to these:-

Little Maltby Farm development is part of (and I believe they associate themselves with) the local Maltby Parish (and even Hilton Parish) as they are so close to these communities and the facilities we all use. Unlike the developments to the south of Green Lane who believe they are in Yarm not Kirklevington they are just a series of builders developments with separate accesses of Green Lane and use the nearby facilities in Yarm.

I have no problems with the ward including the villages of Maltby, Hilton, Kirklevington (and Castle Levington) plus the community of Little Maltby Farm in Southern Parishes and that you should exclude the Green Lane developments.

Maybe the Ward should be called "Southern Villages" and not Southern Parishes.

Thanks for your time.

Regards
